## The Daily Donut Schedule and More Information

Welcome to the first issue of the Daily Donut (2.0)! Every Wednesday, a new issue will come out, just like this one. The actual time that it will come out will vary every week. Every paper will be different, but they will follow the same template. Every week, there will be a Q&A, and an update on the leaderboard stats. This is the first issue of the newspaper, so I was able to finish it on my own, but soon enough, I will start to need help with the newspaper! I will open up an application next week and link it in the issue. If you would like to help, please just let me know so I can get an estimate on how many people will be applying. If you have any questions, now or ever about The Daily Donut, just message me at @Cupcake#5418.

## Database Reset

BIG NEWS! The database has been reset! That means a lot has changed. If you had a template, you have to remake it. There are a lot of other changes, but I don't have answers. If you do have any questions, contact a Corporate or Leading Officer.

## Events

This is more news about an upcoming project that we are taking on during the summer. Discord Donuts is a great place to order donuts, and, for staff, make friends. But, it's only the donut part for customers. We wanted to give back for everything they have given us. So, we decided to host events and games to entertain people! Some events might include, karaoke, movie night, a skribbl.io tournament, and so much more. These events will also be accompanied by donuts, for obvious reasons. If you would like to help out with events, please DM me at @Cupcake#5418.

## Verification

Unfortunately, there have been many inappropriate bots on Discord over the years, and there has been a recent increase of them. Therefore, to keep Discord Donuts a safe place, we require you to verify yourself in the #read-me channel. If you haven't done this yet, please do because it will make everyone safer!

## Q & A

Time for the first Q & A! Today, we are going to be interviewing one of the most helpful people on the server, @Mystic! He is one of our Leading Officers in Discord Donuts, and his job is to help people when they need it. It sounds simple, but when you realize that there are LOTS of people who need his help, it becomes harder. He just makes it look easy.

**Q: #1.** What is your favorite part about working at Discord Donuts?

**A:** All the donuts!

**Q: #2.** What is the hardest part about working at Discord Donuts?

**A:** Trying to manage stuff.

**Q: #3.** How long have you been working at Discord Donuts?

**A:** Hm, a year or two? I don't know, I can't remember.

**Q: #4.** Would you ever have a donut for a pet?

**A:** No, I don't think so.

**Q: #5.** How can employees make Discord Donuts better than it already is?

**A:** By being active and just doing their jobs.

**Q: #6.** What are some of your hobbies?

**A:** Biking and walking around towns.

**Q: #7.** What are 5 words you can use to describe Discord Donuts?

**A:** Good place for getting donuts.

**Q: #8.** What is one of the life lessons you've learned from working at Discord Donuts?

A: There's so many, I'm not sure.

Q: #9. What is your favorite type of donut?

A: Hm... a strawberry glazed donut, maybe?

Q: And finally, #10. What do you think the future of Discord Donuts is?

A: To have a big community and more people talking.

Well, that's it! Thanks for talking to us, @Mystic! Take some time to DM Mystic and thank him about a time he's helped you.
